INDEX

PUBLIC WORKS INDEX

January-December 1965 • Volume 96

Month and page

HIGHWAYS AND STREETS

Bituminous Pavements

An Airport Runway Rebuilding Project..Mar.—101
Design of Flexible Pavements for City Streets ..Jun.—125
Underdesigned Road Will Give Early Test Results ..Dec.—73

Bridges, Culverts and Tunnels

Two-Stage Bridge Rehabilitation..Jan.—76
"Bridge Buggy" Eases Maintenance Problems ..Feb.—102
What We Learned About Epoxy Treatment for Bridge Decks ..Feb.—118
An Intercity Bridge is Reborn..Mar.—92
Cincinnati Steps Up Bridge Inspection..Apr.—106
Detecting Hollow Areas with a Bridge Deck "Thumper" ..Apr.—141
Protection of Concrete Bridge Decks ..May—100
Economical Repair of County Bridges ..May—110
Epoxy Paving Cement Fights Bridge Deck Wear ..Jun.—113
We Kept Them Moving ..Jun.—130
Small Item Saves Big Money ..Jun.—143
Bridge Construction with Post-Tensioned Concrete ..Jul.—104
Epoxy Coating for a Vehicular Tunnel ..Sep.—156

Concrete Pavements

Chicago Suburb Applies AASHO Road Test Findings ..Jan.—65
Protection of Concrete Bridge Decks..May—100
Modern Construction Demands Good Concrete—Part I ..Nov.—81
Anti-Skid Grooves Combat Hydroplaning ..Dec.—86
Modern Construction Demands Good Concrete—Part II ..Dec.—95

Construction Methods

Effective Program Trains Inspectors..Jan.—74
An Engineer Evaluates Extruded Concrete Curb ..May—115
Who Should Be Responsible for Cofferdam and Falsework Design? ..May—121
Post Setting Technique Saves Money..Sep.—93
Job Control—The Key to Quality..Dec.—88

Design

Chicago Suburb Applies AASHO Road Test Findings ..Jan.—65
Highway Design by Direct Dialing..Mar.—134
Design of Flexible Pavements for City Streets ..Jun.—125
Highly Operational, Durable Highways are Texas Research Goal ..Jun.—134
Use of Foamed Plastic in Highway Construction ..Jul.—76
Road Test Results Applied to Pavement Design ..Sep.—85
Wide Intersections Improve Safety, Expedite Traffic ..Oct.—115
Underdesigned Road Will Give Early Test Results ..Dec.—73

Drainage

Extensive Underdrain Installation Complements Resurfacing Program ..Aug.—127

Month and page

Equipment

Profit Shows or Equipment Goes..Jan.—83
Reorganization, "Best Buy" Purchasing, Aids Road Program ..Apr.—131
Contact Stabilization Plant Services Combined System ..Apr.—174
More Than a Striper ..Jun.—142
Guaranteed Maintenance Bidding Places Accent on Quality ..Oct.—97
Bargain Basement Asphalt Plant ..Nov.—77
Economy and Safety Require Continued Improvement of Spreader Controls ..Nov.—97
Safety Lighting for Winter Equipment ..Dec.—80

Finance, Legal and Planning

Dilemma of the Urban Traffic Engineer, The ..Jan.—61
Profit Shows or Equipment Goes ..Jan.—83
After the Interstate—Back to the ABC's ..Feb.—111
Trends in Highway Maintenance Costs..Feb.—122
"Honor System" Collects Tolls Successfully ..Mar.—113
Reorganization, "Best Buy" Purchasing, Aids Road Program ..Apr.—131
Highway Classification System for Pennsylvania ..May—134
County Traffic Engineering Council Works for Uniformity ..Jun.—121
Redevelopment Authority Plans Boston's Future ..Jul.—74
Which Highway Project Gets Priority? ..Aug.—96
County Road Data Kept Accessible for Use or Updating ..Aug.—118
Tips for County Engineers ..Sep.—146
They Shall Not Pass Us By ..Dec.—93

Materials

Steel Bridge Paints Itself ..Apr.—152
Use of Foamed Plastic in Highway Construction ..Jul.—76
The Influence of Soil Properties on Lime-Soil Reactions ..Aug.—120

Maintenance Plans and Programs

The Michigan Organization for Highway Maintenance ..Jan.—70
Aerial Inspection Speeds Road Inventory ..Jan.—92
An Engineering Approach to Highway Maintenance Programming ..Feb.—91
A County's Experience With Slurry Seal ..Mar.—84
Cincinnati Steps Up Bridge Inspection ..Apr.—106
Evaluating A New Guard Rail Coating System ..Apr.—124
Turnpike Structures Cleaned by High Pressure Water Spray ..May—136
South Carolina Highway Maintenance..Jul.—60
Extensive Underdrain Installation Complements Resurfacing Program ..Aug.—127
Training of Maintenance Personnel Provides Know-How, Esprit de Corps ..Nov.—93

Parking

City Engineering Contributions to the Los Angeles Civic Center ..May—94
Waterproofing an Underground Parking Garage ..Jul.—112
Operation of Parking Facilities ..Nov.—90

Month and page

Safety

An English Study of Fatal Road Accidents at Christmas Time ..Feb.—116
Evaluating A New Guard Rail Coating System ..Apr.—124
Highly Operational, Durable Highways are Texas Research Goal ..Jun.—134
Shock-Absorbing Guardrail Softens Impact ..Oct.—132
Safety Lighting for Winter Equipment ..Dec.—80
Anti-Skid Grooves Combat Hydroplaning ..Dec.—86

Snow and Ice Control

Ice Control Chloride and Tree Damage..Mar.—136
Turn on the Heat Lamps—It's Snowing ..Aug.—103
Plow Away Your Telephone Blues ..Aug.—146
Understanding the Action of Salt ..Sep.—78
We Wash That Snow Right Out of Our Streets ..Sep.—94
Snow Fighting "Down East" Requires Careful Planning ..Sep.—105
Winter Maintenance: Snow and Money Melt Together ..Oct.—110
Winter Maintenance in Minneapolis ..Nov.—70
Snow Clearing System Provides Total Blade Contact ..Nov.—120
Three-Pronged Attack Spearheads City's Snow Fight ..Dec.—103

Stabilized Surface and Base

Soil-Cement Program Stops Base Failures ..Mar.—110
Process Time Cut with One-Pass Stabilization ..Jun.—164
A Solution to Road Obsolescence ..Jul.—88
The Influence of Soil Properties on Lime-Soil Reactions ..Aug.—120
Value Proved—State Changes Specifications ..Oct.—124

Street Cleaning

Street Cleaning and Planting Operations in San Francisco ..Jun.—92
We Designed and Built Our Own Leaf Loader ..Jun.—133
Streamlining Leaf Removal Operations ..Sep.—92

Street and Area Lighting

The Lights Are Shining in St. Louis..Jan.—85
Light Standards are Unifying Elements..Jan.—104
Modern Lighting Where Covered Wagons Rolled ..Mar.—89
Night Baseball for the Little League..Jun.—124
Hang the Expense—We Want the Best..Jul.—90
Blackout Leads to Modern Lighting..Aug.—116
Highway Lighting Maintenance ..Sep.—103

Surface Maintenance

"Bridge Buggy" Eases Maintenance Problems ..Feb.—102
What We Learned About Epoxy Treatment for Bridge Decks ..Feb.—118
Trends in Highway Maintenance Costs ..Feb.—122
A County's Experience With Slurry Seal ..Mar.—84
Slurry Sealing—Texas Style ..May—123
Epoxy Paving Cement Fights Bridge Deck Wear ..Jun.—113
Making Room for New Tunnel Pavement ..Jul.—114
Raising Manhole Castings the Modern Way ..Aug.—131

Month and page

Traffic Control and Signs

The Dilemma of the Urban Traffic Engineer — Jan.—61
Speed Limits Changed by Remote Control — Jan.—98
Traffic Engineering Aids Success of Rapid Transit Venture — Feb.—96
Traffic Flow Maps Plotted Mechanically — Feb.—117
Swivel Signs Protect School Crossings — Mar.—106
New Signs for New York City Streets — Mar.—128
Shoulder Delineation Markings and Lateral Placement of Vehicles — Apr.—118
Practical Traffic Planning for the Small Community — May—108
Signal Reassignment—A Hidden Tool — May—113
Traffic Striping and Pavement Markings — May—157
More Than A Striper — Jun.—142
On-the-Site Sign Repair Pays Dividends — Jul.—79
We Make House Calls to Diagnose Traffic Ills — Aug.—134
City Sells Traffic Engineering to Its Citizens — Sep.—115
A Bird's Eye View of Traffic Congestion — Oct.—118
Testing and Procuring Traffic Sign and Marking Materials — Nov.—99
Traffic Control Devices on County Roads — Nov.—146
Production Painting Keeps Traffic Signals Bright — Dec.—79
Computer Programs for Traffic Handling Assignment — Dec.—84

Turf and Roadside Maintenance

We Plant Our Grass in Wood Cellulose Slurry — Jan.—102
Factors in Street Tree Selection — Mar.—119
Ice Control Chloride and Tree Damage — Mar.—136
Special Equipment for Roadside Vegetation Control — Apr.—136
Street Cleaning and Planting Operations in San Francisco — Jun.—92
Highly Operational, Durable Highways are Texas Research Goal — Jun.—134
Acid Soil Formations Cause Highway Maintenance Troubles — Jul.—95
Highway Aesthetics Program—Design With Maintenance in Mind — Oct.—100

REFUSE COLLECTION AND DISPOSAL

Collection Methods

Two-Wheel Traction for Packer Body Trucks — Jan.—78
Barges Collect Refuse in Venice — Mar.—140
Garbage Cans? Who Needs Them? — Mar.—148
Refuse Collection Truck Purchase Includes Guaranteed Maintenance Program — Aug.—98

Incineration

Closed Circuit TV for Refuse Incinerator — Feb.—69
Suburban Communities Join to Plan Refuse Disposal — Feb.—88
Low-Cost Refuse Burner Eliminates Dump — Mar.—96
Pneumatic Conveyor Speeds Fly Ash Removal — Apr.—115
Smokeless Brush Disposal — May—90
Navy Contemplates Steam Generating Incinerator — Jul.—92
Incinerator Serves Suburban Communities — Dec.—74

Sanitary Fill

Sanitary Landfill Lives Up to County's Expectations — Jul.—70
Sanitary Landfill Becomes Major League Training Field — Aug.—124

Month and page

Sanitary Landfill Operations in Los Angeles — Nov.—54
Gas Movement in Landfilled Rubbish — Nov.—64

Costs

Refuse Collection Truck Purchase Includes Guaranteed Maintenance Program — Aug.—98
Industrial Solid Waste Disposal Practices in England — Sep.—66

SEWERAGE AND SEWAGE TREATMENT

Finance, Legal and Planning

Training Program for Operators of Waste Treatment Plants — Feb.—100
Whither Boat Pollution Control? — Feb.—108
Water and Waste Services for a Mountain Area — Feb.—178
Orsanco's Success Story — Mar.—66
Pressure Pipe Requirements for Water and Sewerage Works, 1940-1975 — Mar.—98
River Authority Adopts Plant Operation Monitoring Program — Mar.—126
Industry Invited by Improved Water and Sewerage — May—114
Ten Years of Progress in Pollution Abatement — Jul.—72
Sewer Agency Finds Extra Revenue Source — Aug.—171
Municipal Waste Treatment Needs — Aug.—182
Long-Range County Utility Planning — Sep.—96
Pollution Abatement Gets a Big Lift in St. Louis — Oct.—86
Regulations for Water Supply and Sewerage Systems in New Jersey — Oct.—166
North Dakota Progress On Sewerage — Nov.—54
Sewerage Prompts Growth of a Small Community — Nov.—86

Sewer Systems—Construction

Large Steel Sewer Welded from Inside — May—148
Space Age Instrument Speeds Sewerage Project — Aug.—136
Water-Tight Sewer Built Under Difficult Conditions — Sep.—84
Problems in Laying a Sewer — Sep.—136

Sewer Systems—Design

Design of Sewer Manholes — Jan.—90
Reservoir Developed for Maximum Use of Land and Water — Jun.—116
Municipal Requirements for Sewer Infiltration — Jun.—158
Interim Sewerage Costs—How Can They be Analyzed — Aug.—100

Sewer Systems—Maintenance

Walkie-Talkie Sewer Reconnaissance — Jan.—132
Latex Plug Blocks Sewer Siphon — Feb. 113
Helically Corrugated Pipe Cuts Cost of Sewer Repair — Feb.—144
The Problem of Sinking Sewers — Apr.—72
100-HP Bucket Machines Used in Mexico City — Apr.—108
Sewer Inspection and Renovation — Apr.—192
Grouting Technique Cuts Sewer Repair Costs — May—102
An Unusual Photographic Pipeline Survey — Jul.—85
Preventive Sewer Maintenance Requires Planning, Organization — Oct.—107
Sewer Inspection and Maintenance — Oct.—150
The Modern Way to Inspect and Repair Sewers — Dec.—90

Month and page

Sewage Pumping

Variable Speed Pumping Alleviates Hydrogen Sulfide Problem — Feb.—68
Record Size Factory-Built Sewage Pumping Station — Feb.—104
Variable Speed Pumps Handle 10-to-1 Ratio — Mar.—86
Los Angeles Installs Supervisory Pump Controls — Mar.—103
Low Cost Sewage Lift Station Designed for Limited Term of Use — Apr.—105
Updating A Sewage Pumping Station — Sep.—113

Storm Drainage

Reclaimed Water Will Help Fill Lakes — Mar.—82
Large Drainage Plan for a Small City — Jun.—122
Costs of Catch Basin Cleaning — Jun.—141
Computing Runoff from Small Watersheds — Aug.—106
Cast-in-Place Pipe Cuts Storm Drain Costs — Nov.—100

Sewage Treatment—Design

How to Cut Operating Costs With Sludge Gas Engines — Jan.—95
Waste Treatment Plant Modified for Increased Solids Loading — Apr.—113
An Economical Method of Grit Removal — Apr.—133
High Efficiency at Low Cost from Plant Expansion — May—128
Sewage Treatment for an English City — Aug.—194
Pollution Abatement Gets a Big Lift in St. Louis — Oct.—86
A Retiring Sewage Plant for a Retirees' Haven — Oct.—114
Instrumentation for Pollution Control — Oct.—121
Glass Insulation for Cold-Climate Digesters — Oct.—142
Mechanical Couplings Allow Easy Pipe Removal — Dec.—120

Sewage Treatment — Industrial Waste

Adjusting an Activated Sludge Plant to an Unusual Load — Dec.—99

Sewage Treatment — Operation and Maintenance

Valve Actuators Prove Beneficial — May—93
Soil Erosion at Sewage Lagoon Solved with Fiber Glass Mat — May—96
Operation and Maintenance of Extended Aeration Plants — Jul.—138
The Red Wing Waste Treatment Plant and The Mississippi Flood — Aug.—62
Instrumentation for Pollution Control — Oct.—121
Water and Wastewater Treatment on a Turnpike — Nov.—79
The Case of the Disappearing Froth — Dec.—82
Adjusting an Activated Sludge Plant to an Unusual Load — Dec.—99

Treatment Methods and Research

The Foam is Gone — Jan.—112
Sludge Granulating Plant Expected to Increase Revenue — Feb.—114
Determining the BOD Loading from a Zoo — Feb.—121
FS System to Serve Two Treatment Plants — Feb.—152
Effect of Sample Storage on BOD Tests — Mar.—90
Simple Test Aids Small-Plant Operator — Mar.—114
Developments in Waste Water Re-Use — Apr.—138
Radioactivity Removal by Water and Waste Treatment Processes — May—104
The Detergent Problem Today — Jun.—118
"Operation Airlift" for Pollution Sampling — Sep.—88
Tertiary Treatment Provided at Bournemouth — Sep.—102
Microstraining Tests on Trickling Filter Effluents — Oct.—119
Use of Frozen Waste Water as a Test Substrate — Nov.—72
Surfactant Removal in a Trickling Filter — Dec.—140

Month and page

Costs

Costs of Modern Sewage Treatment Plants ..... Jan.—79
Ten Years of Progress in Pollution Abatement ..... Jul.—72
Interim Sewerage Costs—How Can They be Analyzed? ..... Aug.—100

WATER SUPPLY AND PURIFICATION

Finance, Legal and Planning

Cities Jointly Develop Water Supply ..... Jan.—72
Water and Waste Services for a Mountain Area ..... Feb.—178
Water Consumption at Interstate 90 Rest Area ..... Mar.—95
Pressure Pipe Requirements for Water and Sewerage Works, 1940-1975 ..... Mar.—98
Water Works Depreciation Schedule ..... Mar.—112
Industry Invited by Improved Water and Sewerage ..... May—114
Long Range Water Supply Planning Considers Inter-community Interests ..... Aug.—109
What You Should Know About Water Main Extension Policies ..... Sep.—81
Long-Range County Utility Planning ..... Sep.—96
Coatings That Fight Corrosion in Water Systems ..... Sep.—108
County Advises on Water Supply Plans ..... Sep.—158
Increased Legal Support for Fluoridation ..... Oct.—92
Regulations for Water Supply and Sewerage Systems in New Jersey ..... Oct.—166
Study Envisions Quadrupled Water System Capacity ..... Dec.—68

Water Pumping

Village Uses Tones to Tighten Pump Controls ..... Jan.—68
Proving Ground Helps Pump Station Designers ..... May—126
How to Figure Pump Flow With a Bypass ..... Nov.—88

Reservoirs and Tanks

Lining Gives New Life to a Reservoir ..... Mar.—116
Buttressed Standpipe—A New Design ..... Jun.—150
Determining The Yield of Impounding Reservoirs ..... Jul.—101

Supply Lines and Distribution

Cities Jointly Develop Water Supply ..... Jan.—72
War-Time Water Line Proves Peace-Time Bonus ..... Feb.—93
Mountain Pipeline Brings Water to the Navajos ..... Feb.—124
Pressure Pipe Requirements for Water and Sewerage Works, 1940-1975 ..... Mar.—98
Cradle Trimmer Speeds Pipeline Construction ..... Mar.—108
21-Mile, 60-Inch Water Line Built for Attractive Price ..... Apr.—109
Pipe Network Analysis Speeded by Computer ..... May—98
The Mystery of the Unaccounted-for Water ..... Jul.—68
Plastic Pipe Helps Development of Rural Water Systems ..... Jul.—99
Epoxy-Lined Steel Main for Potable Water ..... Jul.—130
Clean Mains Carry More Water ..... Nov.—68

Water Treatment — Design and Operation

Treating California's "Most Difficult" Water ..... Feb.—94
Water Plant Capacity Doubled Without Additional Construction ..... Feb.—106
Chemical Handling and Its Instrumentation in Chicago's New Water Plant ..... Apr.—134
The Status of Water Desalination ..... Jun.—104
Port Mansfield Desalting Plant ..... Jun.—137
Additional Water Treatment for Phoenix ..... Aug.—132
Water and Wastewater Treatment on a Turnpike ..... Nov.—79
Watering "The Sands" ..... Nov.—83
Glass Pipe for Chlorine Feed Lines ..... Dec.—130

Instrumentation and Process Control

Village Uses Tones to Tighten Pump Controls ..... Jan.—68
Chemical Handling and Its Instrumentation in Chicago's New Water Plant ..... Apr.—134

Treatment Methods and Research

Treating California's "Most Difficult" Water ..... Feb.—94
Nuclear-Fueled Desalination Plant ..... Mar.—124
Taste and Odor Control in Water ..... Apr.—127
Radioactivity Removal by Water and Waste Treatment Processes ..... May—104
The Status of Water Desalination ..... Jun.—104
Port Mansfield Desalting Plant ..... Jun.—137
Under-Ice Treatment with Copper Sulfate ..... Sep.—160
Filter Research Produces Backwash Economy ..... Oct.—98
Pilot Plant Tests Used to Select Iron Removal Process ..... Oct.—104

Water Supply and Sources

Water Plant Capacity Doubled Without Additional Construction ..... Feb.—106
Mountain Pipeline Brings Water to the Navajos ..... Feb.—124
Fresh Water From a Seacoast Bay ..... Feb.—156
Developments in Waste Water Re-Use ..... Apr.—138
The Status of Water Desalination ..... Jun.—104
Port Mansfield Desalting Plant ..... Jun.—137
Determining the Yield of Impounding Reservoirs ..... Jul.—101
Computing Runoff from Small Watersheds ..... Aug.—106
Long Range Water Supply Planning Considers Intercommunity Interests ..... Aug.—109
Unique Program of Flood Protection and Water Supply ..... Sep.—101
Study Envisions Quadrupled Water System Capacity ..... Dec.—68

ADMINISTRATION AND PLANNING

Effective Program Trains Inspectors ..... Jan.—74
Training Program for Operators of Waste Treatment Plants ..... Feb.—100
Data Processor Keeps Tab on Equipment ..... Feb.—132
The Engineer: His Value to the Smaller Community ..... Feb.—140
Justifying Convention Expense Budgets ..... Mar.—107
Standardizing Specifications for Public Works Construction ..... Apr.—146
We Kept Them Moving ..... Jun.—130
Computer Program Predicts Flood Plain Hydraulics ..... Jul.—83
City Promotes Careers in Public Works ..... Jul.—97
Professional Observers Report Trouble Promptly ..... Aug.—158
Metropolitan Cooperation: An Approach and An Answer ..... Sep.—119
Small Cities Can Afford Computers ..... Oct.—116
Engineering Reports: Prerequisite for Progress ..... Dec.—101

AIRPORTS

An Airport Runway Rebuilding Project ..... Mar.—101
Houston Builds Today for Tomorrow's Planes ..... Sep.—111
Airport Drainage Standards ..... Nov.—119

DAMS AND FLOOD CONTROL

Computer Program Predicts Flood Plain Hydraulics ..... Jul.—83
The Red Wing Waste Treatment Plant and The Mississippi Flood ..... Aug.—62
Unique Program of Flood Protection and Water Supply ..... Sep.—101
After the Rains Came ..... Oct.—94

INSECT AND RODENT CONTROL

Cause and Control of Sewer Rats ..... Apr.—116
Cities Declare War on Rats ..... Aug.—129

PUBLIC HEALTH

Whither Boat Pollution Control? ..... Feb.—108
Sewage Treatment and Schistosomes ..... Apr.—70

RECREATIONAL FACILITIES

We Put a Playground on Our Reservoir ..... Feb.—166
Reclaimed Water Will Help Fill Lakes ..... Mar.—82
Floodlighting for Play and Pride ..... Mar.—136
New Trends in Swimming Pool Design ..... Apr.—121
Congressional Act Will Promote Local Parks ..... May—112
Park Reflects Space Age ..... May—125
Reservoir Developed for Maximum Use of Land and Water ..... Jun.—116
Night Baseball for the Little League ..... Jun.—124
Sanitary Landfill Becomes Major League Training Field ..... Aug.—124

CIVIL DEFENSE AND EMERGENCIES

After the Rains Came ..... Oct.—94

GENERAL AND MISCELLANEOUS

Concrete for Sanitary Structures ..... Jan.—86
Pressure Concreting Restores Soo Locks ..... Jan.—124
Color Coding Says "Dig With Care" ..... Feb.—143
Factors in Street Tree Selection ..... Mar.—119
Broken Hydrants Welded Successfully ..... Mar.—152
City Engineering Contributions to the Los Angeles Civic Center ..... May—94
New Public Works Building is "Indispensable" ..... May—118
Who Should Be Responsible for Cofferdam and Falsework Design? ..... May—121
Decorative Concrete for Public Works Structures ..... Jun.—128
Redevelopment Authority Plans Boston's Future ..... Jul.—74
Beach Erosion Control ..... Jul.—82
Harbor Improvement Was Painless and Profitable ..... Oct.—158
Building Design in Written Form ..... Nov.—75
Maximum Information—Minimum Space ..... Nov.—94
Gabions Solve Creek Erosion Problems ..... Dec.—78
New Skyline for Downtown Peoria ..... Dec.—86

URBAN TRANSPORTATION

Month and page

Traffic Engineering Aids Success of Rapid Transit Venture ..... Feb.—96
Mass Transportation for the Metropolitan Area ..... Apr.—102
Comparative Cordon Count Gives Meaningful Data ..... Jun.—172

LEGAL ASPECTS OF PUBLIC WORKS

Water and Sewer Rate Ordinance Upheld ..... Jan.—52
Odors From Sewage Disposal Plant ..... Jan.—52
Depression in Street Following Sewer Construction ..... Jan.—52
Sewage Disposal Plant Held Nuisance ..... Feb.—84
Connection Charges Fixed by Water and Sewer Board ..... Feb.—84
Purpose of Improvement District ..... Feb.—84
Installation of Building Sewer Lines ..... Mar.—62
Notice of Street Defect Not Required ..... Mar.—62
Acceptance of Improvements to Water Plant ..... Mar.—62
Relocation of Public Utility Facilities ..... Mar.—63
Negligence in Operation of Traffic Signals ..... Apr.—96
Strict Liability for Broken Water Mains ..... Apr.—96
Placing of Highway Warning Signs ..... Apr.—96
Property Owners Not Liable for Sewer Assessment ..... Apr.—96
Responsibility of Contractor During Highway Repair ..... May—64
Diversion of Flow of Traffic ..... May—64
Liability for Operation of Municipal Waterworks ..... May—64
Street Improvement; No Benefit to Property Owner ..... May—64
Highway Contractor Shares Immunity from Liability ..... Jun.—64
Sewer Installation; Linbility for Extra Excavation ..... Jun.—64
Fluoridation of Detroit's Water Supply ..... Jun.—64
Dumping of Garbage from Outside of City ..... Jun.—66
Michigan's 2-Inch Rule Applied ..... Jun.—66
Ordinance Creating Liability for Sidewalk Defects ..... Jul.—64
Service Charge for Garbage Disposal ..... Jul.—64
Illegally Placed "One-Way" Signs ..... Jul.—65
Residency Requirement to Perform Work for City ..... Jul.—65
Competitive Bidding Required for Garbage Collection Contract ..... Jul.—65
Municipal Purchase of Lake Held to be for Public Purpose ..... Aug.—180
Primary Purpose of Streets and Highways ..... Aug.—180
Municipal Liability for Burning of Garbage ..... Aug.—180
Lack of Funds to Repair Street ..... Aug.—180
Relocation of Fire Hydrants Causes Injury ..... Sep.—69
Stop Sign Obscured from View ..... Sep.—69
Issuance of Permits for Street Construction ..... Sep.—69
Source of Odor is Disputed ..... Sep.—70
Removal of Sign from Highway Right-of-Way ..... Oct.—64
Garbage Dump Slides Onto Other Property ..... Oct.—64
Fluoridation Ordinance and Privately-Owned Water Company ..... Oct.—64
Child Injured on Debris Left in Street ..... Nov.—58
Municipal Operation of Asphalt Plant ..... Nov.—58
Parking on Street Prohibited by Contract ..... Nov.—60
Validity of Assessment for Sanitary Sewer Stubs ..... Dec.—58
Partnership Between City and Private Utility Prohibited ..... Dec.—58
Excessive Pressure in Water System ..... Dec.—58
Private Sewers and Drains ..... Dec.—59
Fencing Statute Not Applicable in Fall ..... Dec.—59

ABOUT OUR COVER

Month and page

Harold J. Rathfoot ..... Jan.—1 & 18
J. Burch McMorran ..... Feb.—1 & 18
Donald C. Stone ..... Mar.—1 & 18
Dean L. Morgan ..... Apr.—1 & 18
Lyall A. Pardee ..... May—1 & 18
Robert H. Hess ..... Jun.—1 & 18
William R. McGrath ..... Jul.—1 & 18
